17 July 2015

MEMORANDUM FOR 119 WING PERSONNEL

FROM: 119 WG/CC

SUBJECT: 119 WG Environmental Management System (EMS) Commitment Statement

1. The 119<sup>th</sup> Wing and the entire North Dakota National Guard is committed to steadfast excellence, leadership, and stewardship in protecting the environment. The use of an EMS is one of our most effective and efficient tools in accomplishing this task. Our mission is to provide ready units, individuals, and equipment to support our communities, State, and the Nation. To demonstrate our leadership in preserving the environment, we will meet our mission requirements while providing sound environmental stewardship.
2. To sustain this commitment, our EMS vision is to continually reduce waste through pollution prevention, improve our environmental performance by minimizing our impacts on the manmade and natural environment, and maintain compliance with all federal, state and local environmental regulations as well as other legal requirements as applicable.
3. Our EMS vision has already led to major environmental improvements and will continue to improve and meet prioritized objectives and targets set by our cross function team and suggestions from base personnel. This EMS commitment statement will be a living document that will be implemented and maintained by all 119<sup>th</sup> personnel and available to the general public.

A handwritten signature in black ink, appearing to read "K. Olson", written over a white background.

KENT R. OLSON, Col, NDANG  
Commander, 119 Wing

*Happy Hooligans*
